RE: Residential Solid Waste Collection Renewal

I am requesting the renewal of the current solid waste contract for a period of 5 years (July 1, 2014 to June 30, 2019).

The current prices of:

Bag price	\$1.55 each
96 gallon tote	\$9.84 monthly
64 gallon tote	\$8.97 monthly
32 gallon tote	\$8.14 monthly
Recycling fee	\$3.14 monthly per residence

will remain in effect for this 5 year period UNLESS the tipping fee charged at Xcel were to increase. That percentage of increase would be passed along, as well as a bag price increase of 5 cents. As currently indicated in the contract, rates will be subject to the monthly fuel surcharge table.

The collection and disposal of solid waste from the City owned facilities, as currently stated at no extra cost, will remain the same.

Thank you for your consideration.
